Fire Department Report

The past year was another busy year for the Salisbury Volunteer Fire Department with 15 calls answered, one of which was to an out of town forest fire. Eight of these calls was to the Town Dump. We were fortunate that only one of these calls was for a building.

The department purchased a new Dodge truck and a 1250 gal. tank was built on it. The men are now working at building storage compartments around the tank. Although not fully completed, the truck has already been used for several fires and proved quite satisfactory.

Added to new equipment during the year was 200 ft. of 1 1/2" hose and ten pair of boots.

Townspeople, who seem to be fire cautious and conscientious, are to be commended for their cooperation during the year, especially during the dry spell last fall. Again our thanks to the ladies for their kindness to supply food and coffee to the men while at fires.

Again we remind you — when reporting a fire please use the fire phone number, 8-2200. When you call this number, three phones at three different locations, all ring at the same time, thus putting the fire call system into faster operation.

LEWIS BARTLETT

Fire Chief

Report of the Forest Fire Warden

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

Salisbury Civil Defense

Last year we installed a new radio in our Rescue truck to help our communications system.

Another useful item we got through Government Surplus was 4 waterproof floodlights.

We still have on request from Government Surplus the following:

- 1 - Air raid siren or horn
- 1 - Life Gun
- 1 - Blackhawk hydraulic jack
- 1 - Generator for Control Center
- 1 - Four wheel drive vehicle

We have organized an Auxiliary Civil Defense Police Force of 12 men and are now attending a Police Training School of 16 lessons.

A reminder that your fire phone 8-2200 is also your Civil Defense Emergency Phone.

Report of Superintendent of Schools

To the School Board and Citizens of Salisbury

As expected, tuition and other costs of education have increased since the report of last year. However, the school has continued to serve the community by providing an adequate elementary school program.

Because of increased State Aid and additional income from other sources, it should be possible to continue the school program for another year without a noticeable increase in the school district assessment.

The school testing program will be continued as reported by the principal last year. Additional textbooks have been purchased and every effort will be made to provide the necessary equipment and materials for the successful and efficient operation of the school.

It has been a valuable and very rewarding experience for me to work with the school board and with the teachers and other staff members in providing these services for the pupils of Salisbury.

Your continued interest and support are very necessary to further the interests of these pupils and the community.
